

HMA120 + AUDEO106 - PLUG & PLAY AUDIO SET

ALL YOU NEED FOR A PROFESSIONAL AUDIO INSTALLATION IN A SINGLE PACK

- ✓ - Media player + Mixer + Amplifier
- ✓ - 4 x 6" loudspeakers designed by GIUGIARD DESIGN
- ✓ - Single electrical wire run loudspeaker connection
- ✓ - Plug & play kit

THIS PACK CONTAINS:

1 x HMA 120 - Self-powered 100V mixer

Self-powered mixer including an integrated media player and 5 external audio inputs: 3 x LINE ST, 1 MIC/LINE and 1 MIC . It features a 120W powered output that supports both low (4 Ω) and high impedance (70V, 100V) loudspeaker lines. It also includes a 2 level priority system (paging, emergencies, etc.), auto stand-by mode, AUX OUT and an additional remote control port to manage the source selection and output volume by means of Wpm series wall panels. HMA120 is the perfect integral solution for user-friendly and budget audio projects.

4 x AUDEO 106BK - Surface mount speakers

This versatile loudspeakers strikes the perfect balance between the intelligibility and sound reproduction quality requirements currently demanded in the professional audio installation and ever increasing demands with respect to aesthetics, design and integration into all types of architectural environments.

It is completed by its wall/ceiling supports which allow the cabling to be concealed and make it possible to install the speakers at low (8 ohms) or high impedance operation (100 V line).

Each loudspeaker includes a bracket and a steel wire rope sling

The box also contains:

- 1 x 50m white cable roll (2 x 1mm²) & 1 x screwdriver
- + All the specific accessories of the included products
